Tuesday October 7, 2014:	St. Cloud	(AM)

Registration will open the week of August 18th, and will include venue information and time.

Recurring Updates:

1. On August 14th, there will be a statewide video conference that will include a basic 101 on the project and what has been done to date, a briefing on what was learned in all the meetings and the focus groups from stakeholders (consumers, providers and others) and a review of recommendations. Registration closed on Monday, August 11th, but the syllabus for the training can be found here: http://www.dhs.state.mn.us/main/idcplg?IdcService=GET_DYNAMIC_CONVERSION&RevisionSelectionMethod=LatestReleased&dDocName=id_029217

This video conference is different from the road show. At the road show mock ups of the final suggested consumer reviews site and the features that create the metrics and ranking of services will be reviewed and there will be discussion and consensus building across stakeholders who attend.
